Alexandria, VA 22313-1450

Sir:

This petition to revive is based on an international application being filed more than 45 days before the filing of this paper. A PCT application claiming priority to U.S. Patent Application No.: 10/763,712 was filed January 21, 2005.

The application is presumed abandoned pursuant to 35 U.S.C. 122(b)(2)(B)(iii) for failure to timely notify the Office of the filing of an application in a foreign country or under a multinational treaty that requires publication of applications eighteen months after filing. Applicant hereby petitions for revival of U.S. Patent Application No.: 10/763,712 under 37 C.F.R. § 1.137(b) and 37 C.F.R. § 1.137 (f). The entire delay in informing the USPTO of the PCT filing from the due date until the mailing of this petition was unintentional.

Enclosed is a fee in the amount of \$750 pursuant to 37 C.F.R. § 1.17(m).

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-780-4777.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'H. Dillon', written over the typed name.
